Hi Sandra,

Here are the bills with substantive language that OSDH has identified thus far. We're also keeping an eye on shells (nearly as many). There may be additions as the process rolls along.

Thanks,

Buffy

Brian and Buffy: In past years, the legislative person at OSDH would share with us their public health tracking list so that we can compare to make sure all relevant bills are being tracked. Would it please be possible to share that again this year? If not, we understand. Thanks. Sandra
